With Informational Border Added

**PRINT SIZING INFORMATION**

When ordering onstage chorus photos, we suggest choosing a more rectangular print size to accommodate the width of the stage. A black bar will be added above and below the image to make the group fit. See the example below:

**8X18**

**8X10**

Choruses- Your posed photo is taken at the end of your performance after the applause have died down. Please keep in mind that the photographer, located in the center back of the room, will not be able to direct the group onstage so each member needs to be facing forward and may need to shift right or left in order to be seen.
