Chorus Competition Eligibility

Regional Chorus Contest

All competitors are members of prospective or chartered choruses of Sweet Adelines International in good standing with the chorus in question, as defined in the respective chorus' standing rules, as applicable; or Member's name must appear on chorus' official membership roster at IHQ as of the day before the actual competition.

***The April 30th deadline to appear on the chorus roster has been removed.**

International Chorus Contest

In the event that the chorus winning the regional or area championship becomes eligible to receive an International Chorus Wildcard invitation, the regional champion invitation takes precedence over the Wildcard invitation, and the chorus will automatically become the region's representative at the International Chorus Semifinals.

2025 Harmony Classic + International Chorus Competitors

Choruses competing in the 2025 International Contest are considered Internationally Bound. This means:

- Chorus may enter regional contest for Evaluation Only, Evaluation Only: Internationally Bound, or Open Division
- Chorus may compete for qualification in another division (i.e. you qualified for Harmony Classic A in 2025 but wish to compete at regionals for the Harmony Classic AA or International Chorus Contest in 2026).

For more details, please refer to the 2025 Competition Handbook: Section 2: Eligibility

or
2025 Regional Chorus Eligibility Requirements

Competition Specifics

COMPETITION HOST CHAPTER

A competition assistance chapter has the following options, provided it is competing for Open Division, Evaluation Only: Internationally Bound, or Evaluation Only:

- It may make no special request, thereby retaining the position assigned to it by the official drawing for order of appearance; or
- It may choose either the first or last competing position by checking the appropriate box on the Regional Chorus Entry Form provided by the Competition Department at IHQ before the 60-day regional deadline. If such notification is not received by the Competition Department at IHQ by the above deadline, the chorus retains the position assigned to it by the official drawing for order of appearance.
- If a Competition Host Chapter is competing for placement, that chorus does not have the option to be drawn first or last.

3-Year Competition Requirement

As choruses may be aware, the 3-year competition policy states the following:

Policy Book, Section III, Div. A,2, Item 2. : "Except for chapters in Regions or Areas that hold biennial competitions, a chapter must have competed for scoring or evaluation in a Regional or International Competition at least once in the preceding three (3) years in order to renew chapter membership. Chapters in Regions or Areas that hold biennial competitions must compete for scoring or evaluation only, at least once in alternate contests in order to renew membership. The preceding competition requirements for chapters that charter from January 1 through April 30, in any year, are applicable in the next fiscal year after they charter. A new chapter formed by consolidation is allowed three (3) years from its charter date before it is required to compete in order to maintain its charter. The three (3) year competition requirement is waived for chapters in revitalization." (Adopted 3/95)

***A chorus that competes for evaluation only either in the International Division or Open Division will have met the competition requirement (evaluation/open division by video does not meet this requirement.)**

If it is believed that competing at regional contest would be detrimental to a chorus, then a chorus can email their region's Education Coordinator with their concerns, and request a presidential waiver. For questions about this process, please email competition@sweetadelines.com.
